Please submit a photograph of the areas of concrete to be replaced, confirming existing condition/material.

Please submit a drawing (hand drawn is fine) confirming specification of work to be completed (i.e., same dimension/placement of new concrete, or will any walkway/surfaces be widened/narrowed?).

## APPLICANT RESPONSE

Response Date: 08/18/2025

Please see 3 photos of existing concrete and 1 sketch plan attached.

We are hoping to replace the existing concrete driveway, walkways and front porch slab with new aggregate concrete. We want to keep the existing footprint but want to slightly widen walkway #2 from 2' to 5' (same existing width as walkway #1) and the driveway from 9' 6" to 12' wide.
