Subject: 949 Chicago Street 48202, House Alterations; RES2023-03517.

Dear Sirs!

During my yesterday's status inspection, I found out that the work permitted under new 3 bay,1-1/2 story Garage construction with bathrooms was ongoing per approved permit.

But house Alterations (in beginning stages of demolition) weren't included in the Garage permit. Upon conversation with the Owner Andre Williams I have found out that he has sent his ' House Alterations ' request to HDC and has also applied for a permit from our permit division.

I have issued a violation asking Owner Mr Andre Williams to revise his permit.

Respectfully

Insp Paul Sidhu.
