BRIEF PROJECT DESCRIPTION:

The proposed project involves the removal of the existing roof shingles and the installation of new architectural asphalt shingles in a black color. Work will include stripping the current shingles, inspecting and repairing the roof decking as necessary, and installing new underlayment, flashing, and ventilation components that meet current standards. The new shingles are compatible with the historic character of the Boston-Edison Historic District, and no changes will be made to the roof's pitch, structure, or any other architectural features.

| <p>1. DESCRIPTION OF EXISTING CONDITION <i>Please tell us about the current appearance and conditions of the areas you want to change. You may use a few sentences or attach a separate prepared document on the right. (For example, "existing roof on my garage is covered in gray asphalt shingles in poor condition.")</i></p> <p>Currently, there are no shingles on the roof. The previous shingles were damaged and removed following a fire that occurred many years ago, and the property was not maintained afterward. When we purchased the property in September 2025, the roof remained without shingles in order to prevent additional deterioration. The roof decking is exposed, and new shingles are needed to properly protect the structure and restore the home's appearance</p> | |
| <p>2. PHOTOGRAPHS <i>Help us understand your project. Please attach photographs of all areas where work is proposed.</i></p> |  |
| <p>3. DESCRIPTION OF PROJECT <i>In this box, tell us about what you want to do at the areas described above in box #1. (For example, Install new asphalt shingle roofing at garage.)</i></p> <p>The proposed project involves the removal of the existing roof shingles and the installation of new architectural asphalt shingles in a black color. Work will include stripping the current shingles, inspecting and repairing the roof decking as necessary, and installing new underlayment, flashing, and ventilation components that meet current standards.
