REQUESTED INFORMATION

We have received your application, but it is not yet complete for review. Please provide additional details based on the comments and questions listed below. Should you need to attach additional files per this request, use the paperclip icons at the end of this form. You may attach up to (5) files per icon up to 25MB:

The additional drawings are very helpful to show what is there and what is proposed. HDC staff needs to better understand the enclosed space relative to the proposed partial demolition and if this partial demolition will require a public hearing.

Is it heated?

Do you know when the existing enclosure was completed?

One or two interior photos confirming the finishing of the space will be very helpful as well.

Thank you!

APPLICANT RESPONSE

Response Date: 02/10/2026

Good evening,

This space is not heated. I do not know when it was constructed. We have owned this house for less than 1 year, and this addition was already there. I checked satellite photos on Google Earth and I can see it as far back as 2007. Prior to that the photos are too grainy to say for sure if it is there or not.

The attached photos are from the back door of the house looking north and from the exterior porch door looking south.

Best regards,

Steve Sorenson
