SEPTEMBER 2023

Making connections through opportunities

EDITION 13

September is for the Youth!

On September 11, 2023, the Midwest-Tireman Framework team did a focus group on the community youth. It was a roundtable discussion session, and participants were scholars of Class Act Detroit. In this discussion, we asked them about what they do for fun in the area, what they are proud of, and what they would like to see change in their neighborhood. It was fascinating to hear what the scholars had to say about the Midwest-Tireman neighborhood. The discussion was insightful and thought-provoking.

Thank you to Interboro Partners and Design Collaborative Design Center (DCDC) for organizing the discussion session. A special thanks to Rashard Dobbins, the Executive Director of Class Act Detroit, for collaborating with us and allowing us to use their newly renovated Class Act Detroit podcast room located at St. Cyprian's Episcopal Church.

The youth involvement in the neighborhood framework continues with the photo-sharing activity. See the description below for instructions:
